

PUNAHOU IS A WINNER FROM MCKINLEY HIGH

SCHOOL FOOTBALLERS PLAY STIFF GAME AGAINST MORE EXPERIENCED COLLEGIANS AND COACHES ARE WELL PLEASED WITH THEIR SHOWING.

From Sunday Advertiser.

Punahou 7, High School 0.

In one of the closest and hardest fought gridiron battles in the history of the Islands yesterday afternoon, Punahou barely defeated McKinley High School by a score of 7-0. However, it was merely a matter of inches in two other cases whether or not the score would change. Once in the third quarter the Punahous had the pigskin within six inches of their opponents' line but they were penalized five yards for playing off-sides. Then again on the next play Inman made a wide end run and placed the ball behind the goal but in his run, he had put one foot over the side line and the ball was taken back five yards.

The results of the contest were as surprising to the High School supporters as much elated and the latter as much non-plussed as if the victory lay with McKinley. Nevertheless for the spectators the game was full of interest from start to finish.

This is how the game was won by periods:

First Quarter—The game was called at three-forty-five with Oahu College kicking off. Inman made a long kick which was received by Melin. He had only reached the seventeen-yard line before the Punahou men were upon him. On the first play Brash, High's star half-back, was put through for about three yards. Rice followed up with a two yards again. Punahou played off-sides and they were penalized five yards. High School first down on their thirty-yard-line.

Brash Makes a Gain.

Brash then made a good gain of five yards but on the next two plays, Punahou did not yield an inch. High was forced to punt and the ball was received by Quarterback Menor who advanced to the forty-five-yard line before he was downed. On Punahou's first play "Sleepy" Baldwin made one of his famous twenty-five-yard runs. Brown followed this up with a four-yard gain through tackle. Menor then made one yard and Punahou failed to make their distance.

The ball went to McKinley on their seventeen-yard line. On the first play they failed to gain and then McKinley got through and put them back for five yards. Brash punted for High School and the ball went to Oahu on their sixty-five yards. Menor then made a quarter-back run, in which he put twenty yards behind him before he was captured by High School. Punahou first down on High's twenty-five yards. Inman then led on a "tackle-around" play and plowed his way for eight yards through McKinley.

Punahou Scores.

Harry Baldwin took the ball for four yards, making first down within fifteen yards of the goal. Brown went through for three yards and the whistle sounded for the end of the quarter.

Second Quarter—On the first play, Left Tackle Renton came around for the ball and went over the line for the first and only touch down. Inman succeeded in kicking the goal. Score: Punahou 7, McKinley 0.

Crozier made the kick off and the ball was received by Austin who advanced to the middle of the field before he was nabbed. "Sleepy" Baldwin reeled of three yards and Inman followed by a two-yard gain. The Punahou center then made a pass which, through some error, no one connected with, until Reidford, the High School center dropped on it within twenty-five yards of Punahou's goal line. Brash started out with a five and three-yard gain but on the third down Punahou put them back for a loss of five yards.

Brash then attempted to save his team from a coat of whitewash by putting a drop kick over the goal but first down on McKinley High School's forty-yard line. Then Gordon Brown, Punahou's crack full-back, made a gain of five yards and then one of four. Inman then made four more, giving Oahu first down on High's twenty-seven yard line. The next few plays were effectively batted up by good work on the part of McKinley's right guard, Takita.

Baldwin Plays Well.

Harry Baldwin was then put through for a fifteen-yard gain, making first down on McKinley High School's forty-yard line. Then Gordon Brown, Punahou's crack full-back, made a gain of five yards and then one of four. Inman then made four more, giving Oahu first down on High's twenty-seven yard line. The next few plays were effectively batted up by good work on the part of McKinley's right guard, Takita.

Inman attempted a nice kick from twenty yards, but Punahou was penalized fifteen yards for not having seven men on the line of scrimmage. The ball went to McKinley on their thirty-five yards and Brash went through for six yards just before the whistle sounded for the end of the half. Score: Punahou 7, High School 0.

Second Half—Score 7-0.

Crozier kicked and Austin was again downed near the middle of the field. Harry Baldwin led out with a two yard gain, followed by one of ten. Punahou first down on High's forty-five yard line. Ernest Baldwin then made a four

yard gain around left end, and in tackling him "Red" Crozier received a bad cut under the chin. Harry made another eight yard gain, giving Punahou first down on High's twenty yard line. Inman then tried a pass, which was spirited over to High School through the medium of Clifford Melin. McKinley first down on their six-yard line.

The ball was given to Brash, who made three yards, and then to Kee Fong, who succeeded in wading through Punahou for seven yards. Then the Oahu line stiffened and held McKinley down for three plays. Brash was forced to punt but he failed to get the pigskin far enough away from his goal and Harry Baldwin caught it on the run and advanced to within eight yards of the goal line, and after the next play, one tip of the ball was touching the line. However, instead of making the necessary six inches to double the score, some overzealous Punahou man jumped before the ball was snapped and his team was put back five yards.

Inman Is Penalized.

Inman was called around from left tackle to take the ball and he made a wide run around right end, bowling over man after man with his much feared "straight arm" until he raced behind the posts and dropped on the ball.

However, the head linesman called him back for going over the side line. Thus another chance to double the score was lost.

The ball went to McKinley on their six yards and immediately Brash punted. The flying pigskin settled into the waiting arms of "Sleepy" Baldwin, who carried it back to High's fourteen yard line.

Time up for third quarter.

Fourth quarter—Punahou first down on High School's fourteen yards. Play made a few short gains and had first down with goal to make. Oahu College received a fifteen yard penalty for crawling, which distance Inman tried to recover by making a pass to right end. Punahou was again off-side and they received a five-yard penalty. Through a bad pass by the center they lost ten yards more and the ball went to High School.

McKinley Is Penalized.

There was a mixup and McKinley was penalized fifteen yards for rough playing. Punahou first down within five yards from the goal and thirty seconds to play's fifteen yards. McKinley failed to make their distance, but on account of some Punahou man getting the jump on the ball it was no go. Immediately after this play the final whistle blew and the score stood: Punahou 7, McKinley 0.

The officials were: Umpire, Lieutenant Bessons; referee, Mr. Evans; third linesman, Will Ross; assistants, G. Quinlan and J. Dwight; timekeeper, C. F. Schmutzler.

The lineups were as follows:

Punahou	McKinley
Melneyn	Reidford
Hond	Hart
O'Dowda	Takita
Renton	Roschell
Inman (capt.)	Kahalewai
Brash	Sylvia (capt.)
Hind	Abel
Menor	Abel
Proven	Crozier
Rice	Rice
F. Baldwin	Brash
H. Baldwin	P. Melin

MAUI TEAM IS WILLING

A. Q. Marcellino, manager of the Oahu League, has returned to Honolulu after a business and pleasure trip to Maui. While there, Marcellino broached the subject of Maui's fast aggregation taking part in an inter-island baseball series during Carnival Week and the proposition was enthusiastically received.

In speaking of his trip Marcellino said that Maui was simply baseball mad and that at present the fans were enjoying one of the hardest fought series of the year for the championship of the island.

"Maui wants baseball," said Marcellino, "and is well pleased with the proposition of coming here during Carnival Week to take part in an inter-island series. I have been instructed to consider their entry and also to arrange for a series of games between the Maui team and the Asahi during the Christmas holidays."

"Hilo, too, is willing to join the inter-island series and so is Kauai so I see nothing to prevent us from going right ahead with the proposition."

It will be a big thing for the several islands and I am glad to see that The Advertiser is to the front with an offer of a trophy for the winning team.

NOTLEY'S TEAM IS OUT OF OAHU LEAGUE RACE

INABILITY TO HIT LAWSON IS CAUSE OF DOWNFALL—COAST DEFENSE IN LINE TO PLAY HAWAII FOR PENNANT OF SECOND HALF OF SEASON.

(From Monday Advertiser.)

COAST DEFENSE 6, STARS 1.

Big League pitching on the part of Handsome Jack Lawson of the Coast Defense team, a close decision at the plate and costly errors on the part of the Stars put the latter team out of the running for the pennant of the second half in the Oahu League at Athletic Park yesterday afternoon.

Handsome Jack was in excellent form, pitching a great game of ball, while his support was almost faultless. Waterhouse for the Stars need not be ashamed of his performance on the hill and with as good support as Lawson had and the shade of a close decision in the opening inning at the plate, he would have had the satisfaction of seeing the two teams tied up at the end of the ninth inning.

With the lower of the contest to be eliminated from the series, both teams went into the fray with their best timber. It was a hard fought contest from top of going until the finish with an occasional side light in the scrapping line between members of the two teams and the umpire-in-chief which added more zest to the contest.

John McGraw Notley's bunch, the Stars, were the first to take a crack at the ball and Zerkia, Quillin and Walker went out in one, two, three order, each man fanning the air.

For the Coast Defense outfit, O'Hara leading off was the victim of a Waterhouse in-curve in the small of the back, being allowed his first base because the pitcher was not true of aim.

Hixenbaugh laid down a neat sacrifice, sending O'Hara to second and he then went to third, when Cullen failed to stop Leslie's peg for a double play. Lehr hit to Cullen and the throw home to nail O'Hara looked to have beaten the runner a couple of feet and it also looked as if Brito laid the ball on O'Hara when he reached the rubber. Stayton ruled otherwise and the run counted. Lehr went to second on the play and then scored on a single by Hixenbaugh to left which was booted by Zerkia. Hixenbaugh moved to third or the bubble and then came home when Shay grounded out to Leslie. Applin ended the round with a pop up to Will.

Shay Hits a Home Run.

Those three won the game for Lawson and his crew, but Shay wanted more runs on the score board so he boosted one out of the lot in the fourth inning for the circuit. It was a long time drive into the big tree on the other side of the rightfield fence and was truly a four-base swat.

In the next inning the Coast Defense put the game away for keeps by chasing three men to the rubber. With Lawson out of the way via the strike-out route, O'Hara was safe on a bobbie by Ross. Hixenbaugh singled and then O'Hara scored on Hixenbaugh's single to left, after Lehr had died to Quillin. In handling Hixenbaugh's drive Quillin fumbled the ball and Hixenbaugh and Hixenbaugh went to third and second base respectively. When Leslie dropped Willis' perfect throw of Shay's hit both runners romped to the plate.

Notley's bunch saved themselves a coat of whitewash in the seventh inning. With Ross out of the way, Brito singled and so did Waterhouse, both men advancing when O'Hara tossed the ball away. Zerkia hit to Lawson, killing off Brito at the plate, but a safety by Quillin scored. Waterhouse With two on, Walker failed to do anything and further chances for a score by the Stars were knocked in the head. Following is the score:

STARS—ABR BH SB PO A E

CHINESE PLAN LAUNDRY HUI

Report Has It That Celestials Are Preparing to Combine to Go After Some of Business Now Controlled by Consolidated American Laundries of Honolulu.

With the avowed purpose of competing with the concern which practically controls the laundry business of Honolulu at the present time, several wealthy Chinese, it is said, are organizing a bid to establish a big laundry which will be in a position to cut the present rates for flat work, as are charged hotels and lodging houses, practically in two. The Chinese, it is stated, intend to install machinery to do a portion of the work, but much of it will be done by hand.

It is understood that the proposition of forming a big laundry corporation has been under consideration among the Chinese for some months past, and that the acquisition of the American Laundry by the Sanitary Laundry Company, and the consequent reduction in the number of laundries, made it possible for the Chinese to enter the field.

It is said that the site for the new laundry has already been secured and that it will be ready to begin operations within six weeks.

Varied Adventures of French Aeroplane Manufacturer Now Under Arrest in Paris.

PARIS, September 25.—Astonishing details have been received concerning the life and adventures of M. Deperdussin, the aeroplane manufacturer, who is now under arrest on a charge of forgery and whose liabilities amount to \$8,000,000.

In 1895 Deperdussin was a commercial traveler in Belgium for a firm of chocolate manufacturers. He used to relate that he was dismissed because one day when he was hungry and had no money to go to a restaurant he ate all the chocolate samples he was carrying to show clients.

In the following year, under an assumed name and with two other friends, he opened at Brussels a sort of cafe concert, like many at Montmartre, where entertainment was provided until very late at night. When in 1897 the Brussels Exhibition was opened the future magnate was glad to accept a position as program seller at the door of a cinematograph show. Dealing with the films, he had made a profit of \$6750. After starting a newspaper, he borrowed a few dollars and went to Monte Carlo, where he won \$100,000. He was very fond of making unusual purchases before a host of onlookers, and of pulling out a bundle of notes and paying on the spot. He always drank a special champagne, saying that he had an interest in the company producing it. He always had his pockets full of banknotes, and he would never take the change after paying his bill at a restaurant. One day a waiter who had been told him that he had a wife and child and could not afford to take a holiday as he would receive no pay. "Go to the country at once," said Deperdussin, handing him \$400.

One afternoon when he was at a restaurant a girl came in with her hair cut short. "Well," he said to her, "you ought to curl your hair." The girl replied that she had no curling iron. He took out a bundle of banknotes and handed them to her with the remark, "Go and buy some."

The accused man, who has been spending millions, was taken today from the prison where he had spent a very unhappy night to the Law Courts, where he was questioned by the judge, but with the prisoner's full confession before him the judge postponed his cross-examination until experts have furnished a complete report on the prisoner's liabilities and financial situation.

Deperdussin, who looked very pale and worried, told the judge that he spent his money on aviation. He was embarrassed by the judge's orders he received from the minister of war. "I have served the cause of national defense," he said. "My only wish now," concluded Deperdussin, "is that under some other name my air machines may continue to be built and used by France." He said he refused a large sum of money to sell his secrets to Germany.

The suggestion of The Advertiser that an inter-island baseball series with Oahu, Hawaii, Maui and Kauai represented on the ball field, be played during Carnival week, has hit the popular chord and lively interest in the proposition is already manifesting itself among the baseball fans.

To start the ball to rolling and to make the series something worth winning, The Advertiser will donate a handsome silver cup to the team carrying off the majority of games.

This trophy will be a thing of beauty and a joy forever and will be the best and finest that the silvermith can turn out.

There will be no strings tied to the offer of The Advertiser. All the different teams have to do is to play ball, win the series, and the cup will be presented to them suitably engraved and ready to take home.

Twenty million dollars have been expended by the reclamation service since the passing of the reclamation act in 1902, and \$48,000,000 is available for use in the next four years, every cent of which will, in time, be returned to the treasury, according to the last report of the secretary of the national irrigation congress.

More than eight hundred Cleveland stores now take precautions which almost totally exclude flies.

The results of the Oahu-Kauai match, which was played the same evening, will be known upon receipt of the next mail from Lihue.

SUNSHINE AND COMMON SENSE.

Don't doctor your blood for rheumatism. Use an external application of Chamberlain's Pain Balm. In a few days it will get you up and out into the sunshine, then nature will restore the rich red blood to your veins and soon rid the system of this troublesome disease. OFFICERS FIGHT JAPANESE MOB

Liquor Inspector Fennell and Detective Woo Raid Blind Pig and Make Arrest—Attacked by Angered Crowd and Are Forced to Release Prisoner and Flee for Lives.

(From Monday Advertiser.)

Mobbed by hundreds of angry Japanese, Liquor Inspector Fennell and Detective John Woo were compelled to surrender a prisoner at the Ahimamui pineapple cannery Saturday night and seek safety for themselves. For a while each officer thought that the other had been killed by the crowd, which had commenced to stone them.

Fennell and Woo raided a blind pig in the cannery camp below the cannery cliff late Saturday, but as they were removing their prisoner he commenced to call for help, and hundreds of his fellow countrymen poured out of the neighboring tenements.

The mob commenced to cry "Soidachi! Soidachi! Make no pikika. Policeman stone all right!"

The prisoner, encouraged by the demonstration, lifted his voice lustily, and was soon torn from the officers' hands. Woo beat his way back to the top of the cliff, holding off the mob at the point of his revolver, and ran down to other settlements at Kaale for help, thinking that Fennell had been killed. Hawaiians living there, however, refused any assistance, and Woo returned alone.

Fennell had broken from the crowd in the meantime and was going for help to find Woo, whom he thought, in turn, had been murdered by the crowd. Both officers met shortly afterwards and returned sadder and wiser men, but with no prisoner.

HACKFELD & CO. HAS FIVE NEW DIRECTORS

Retaining the capitalization at \$4,000,000, and electing a board of directors under newly amended by-laws, the firm of H. Hackfeld & Company yesterday provided for many important changes in its future.

Instead of having one vice-president, there are now three, and to the board of directors, formerly consisting of four men, were added five, making a directorate of nine.

The officers elected at yesterday's meeting were as follows: J. F. Hackfeld, president; Georg Rodiek, vice-president; F. Klamp, vice-president; J. F. Humburg, vice-president; H. Schultz, treasurer; F. W. Klebahn, secretary; F. Klamp, auditor.

The new board of directors includes the following new members: J. C. Isenberg, August Humburg, Paul R. Isenberg, H. Schultz and F. W. Klebahn. With these will act the former directors, Messrs. Hackfeld, Rodiek, Klamp and J. F. Humburg. F. W. Klebahn is the secretary of the board.

It is likely that Georg Rodiek, whose name heads the list of vice-presidents, may move from the mercantile department into one of the inner offices, while J. F. Humburg, who has been the Hackfeld representative in New York, may also remain here in an important position. The changes in the by-laws were made to enable the company to elect a separate board of directors
